Activate a process

PRODUCTS: [ALL CREATIO PRODUCTS](#)

Activate a business process to enable it to run in Creatio.

To activate a business process:

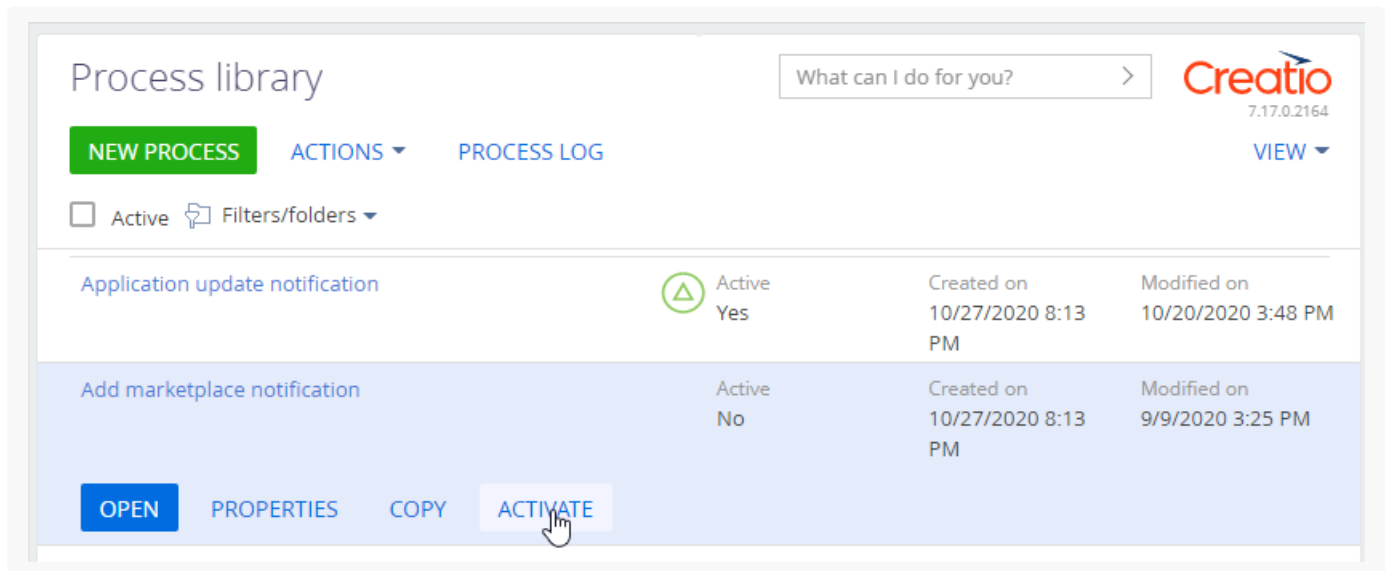

1. Click  to open the System Designer.
2. Click [*Process library*] under [*Processes*].
3. Select a process that must be enabled and click [*Activate*] ([Fig. 1](#))

Fig. 1 - Process activation

As a result, the [*Active*] checkbox on the process settings page will be selected. The process will become available for running.

Select the needed record in the process library list and run the [*Activate process*] action to activate a business process.
